Please read and sign this document, then send to membershipenquiriesapc@gmail.com. Keep a copy of the Grazing Terms & Conditions for your records

Applications for grazing from returning members must be in writing and submitted to teatatupony@gmail.com before the start of each new season. These will be reviewed and approved/declined by the Executive Committee based on the following:

- working bee obligation fulfilled

Should your application for grazing be declined, Te Atatu Pony Club will allow you one calendar month for you to find suitable grazing.

Applications from new members will be discussed and approved at the Te Atatu Pony Club Committee Meeting following their submission.

Members Grazing Fees are currently \$110 per month and are to be paid on the 1st of each month (or at a frequency agreed with the Treasurer).

By applying for Grazing you agree to the following conditions:

- 1) There will be a maximum of one horse or pony per riding member allowed. Any variance to this may be at the discretion of the Executive Team and the Grazing Manager.
- 2) Horses must be checked by owner a minimum of four times a week. Owner is expected to make arrangements with other members for checking of their horse to accommodate holidays or other periods of short-term unavailability.

In winter months you may be asked to find grazing elsewhere as the grounds cannot support as many horses as over the summer months. The grazing manager will be responsible for advising when grazing numbers need to reduce and by how many. After any voluntary relocations have been advised any additional relocations required will be made on a last on, first off basis. You will be given 4 weeks' notice to find alternate grazing over winter if requested.
 - 5) Winter grazers may be required to pay for hay during the winter months. Hay costs will be agreed at Committee Meetings and advised to all grazers.
 - 6) "GROUNDS CLOSED" sign or notification is to be adhered to at all times. We ask that you exercise your discretion when using the grounds and that you refrain from driving vehicles, jumping horses, lunging and or riding in general when conditions are adverse due to weather.
 - 7) All horses grazing on Club grounds are to be wormed/drenched as directed by the Grazing Manager. This may involve prior testing for fecal egg counts (FEC). Cost of worming and any prior testing will be at the cost of the grazer.
